Five Element Style

because clothing is your body's most intimate environment

Fashion Feng Shui® Facilitator Professional Training 6-8 April 2009 London, UK

Would you like to **INNOVATE, EXPAND** or **INITIATE** your holistic image or lifestyle consultancy?

Are you ready to enter the 21st century with your image or lifestyle consulting business? Today's conscious-minded consumers demand products and services that are meaningful and on purpose. Now that the "Secret" is out, people are looking for ways to live all areas of their lives with mindfulness and intention – including getting dressed.

Fashion Feng Shui® is a transformational dressing technique that considers clothing to be your body's most intimate environment and, therefore, as influential on your life as feng shui purports to be on your home and business decors. It teaches individuals how to empower their lives simply by empowering their personal appearance. Thousands of people worldwide have benefited from these "anciently new" principles focusing on creating harmony and balance in one's personal and professional attire—and ultimately, life.

The Fashion Feng Shui® Facilitator Professional Training Program, established in 1999, is accredited by The Association of Image Consultants International (www.aici.org) to educate consultants in this groundbreaking personal style system which was created by internationally-recognised feng shui practitioner and award-winning (IMMIE Award for Innovation) fashion and image consultant, Evana Maggiore, AICI CIP.

*...takes personal style to a whole new deeper healing level.

As a certified Fashion Feng Shui® Facilitator I dress not only my client's body but also her mind and spirit. The training I received from Evana was absolutely first class. Not only does she inspire you in the classroom but she also supports and encourages you every step of the way, even half way across the globe. Taking the steps to become a licensed practitioner is one of the most rewarding things I have ever done.
